

Welcome to ‘Labeling contexts ground’!!

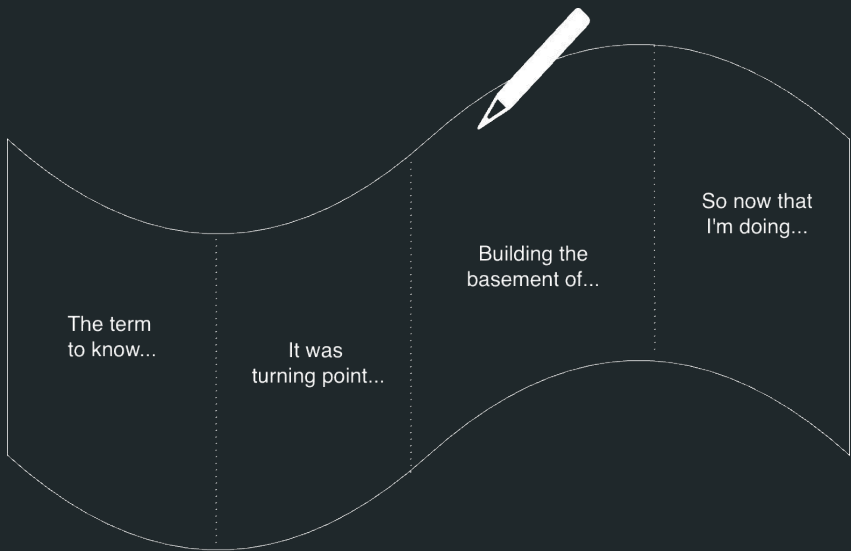

LCG is the place to give meaning to your own background by yourself. It's also the place to share that and question the very concept of “**liquid asset recognition**” in the web3 world.

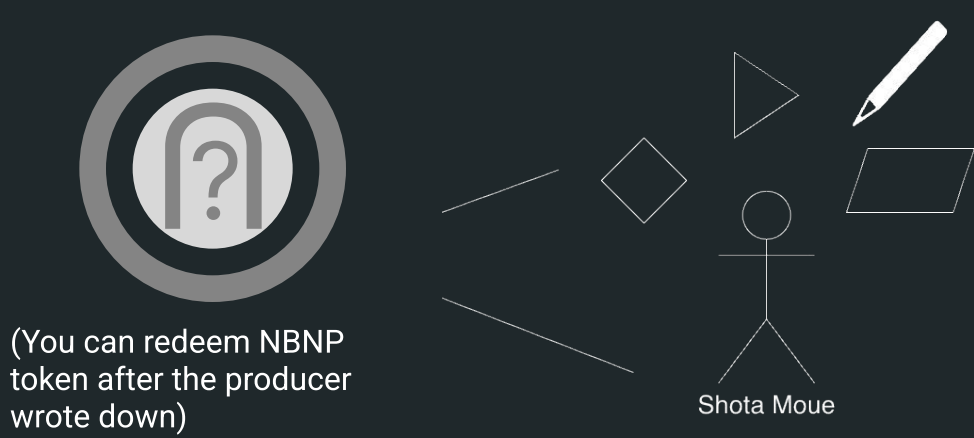

Step1. Write your own background

Step2. Label meanings to them

Step3. You get the right to redeem NFT with producer’s unique context

1. Regardless of the time period, what has your life been like?

ex: During my childhood...

2. What do you think those events mean to you?

ex: It was the big turning point...

3. What are your future prospects?

ex: I would do that...
